PROFILE SUMMARY

Aspiring Business and Data Analyst pursuing a B.S. in Computer Science at BITS Pilani with hands-on experience in Python, SQL, Excel, and Tableau. Skilled at translating business requirements into analytical plans and delivering actionable insights via dashboards and stakeholder reporting. Analytics internship at OZi supporting growth, product, and operations with KPI tracking, anomaly monitoring, and cross-functional analytics. Interested in Web3, fintech, and data-driven decision-making.

EXPERIENCE

Analytics Intern May 2026 – Aug 2026

OZi (Quick Commerce for Parents) — Gurugram On-site

- Collaborated with product, growth, and operations stakeholders to gather, analyze, and document business requirements for KPI reporting, funnel tracking, and performance reviews.
- Assisted in data collection and analysis across orders, retention, and category performance using SQL and Excel; generated actionable reports that informed weekly business reviews.
- Supported Tableau and Excel dashboards for business performance tracking — conversion, repeat rates, delivery SLAs, and regional trends — used in stakeholder reviews.
- Conducted market research and competitive analysis on quick-commerce benchmarks to surface growth opportunities and inform strategy discussions.
- Supported cross-functional data requests from growth, category, and operations; helped set up data-quality checks and anomaly alerts for faster incident prioritization.
- Used Python (Pandas) for EDA and report automation; validated schema and data-model assumptions before publishing stakeholder deliverables.

EDUCATION

BITS Pilani 2025 – 2029

Bachelor of Science (B.S.) in Computer Science CGPA: 8.8

TECHNICAL & BUSINESS SKILLS

- **Programming & Databases:** Python, SQL, MySQL
- **Data Analysis:** Pandas, NumPy, Exploratory Data Analysis (EDA), Statistical Analysis, Data Cleaning, Data Validation, Anomaly Detection
- **Business Analysis:** Business Requirements Analysis, KPI Reporting, Business Intelligence, Product Analytics, Market & Competitive Research, Actionable Insights
- **Visualization & Reporting:** Tableau, Matplotlib, Dashboard Development, Data Storytelling
- **Tools:** Microsoft Excel (Pivot Tables, XLOOKUP, VLOOKUP), PowerPoint, Git, GitHub, Jupyter Notebook
- **Professional Skills:** Cross-Functional Collaboration, Stakeholder Communication, Problem Solving, Teamwork, Leadership, Presentation

PROJECTS

Supply Chain Cost Analysis and Business Intelligence

Python, SQL, Tableau, Excel

- Analyzed 180,000+ supply chain records to identify shipping cost drivers, delivery delays, and regional trends; built a Tableau KPI dashboard for stakeholder reporting.
- Translated operational questions into an analytical plan and produced data-driven recommendations on inefficiencies.

Retail Sales Analysis

Python, SQL, Tableau, Excel

- Evaluated retail performance across regions, categories, and segments; built a Tableau dashboard with KPIs and filters to support stakeholder decision-making.

Telecom Customer Churn Analysis

Python, SQL, Tableau

- Identified churn drivers and segmentation patterns; designed a Tableau dashboard of churn KPIs to support retention initiatives.

ACHIEVEMENTS & LEADERSHIP

- **Certificate of Excellence – Best End Semester Project** — Recognized for delivering a high-quality team project at PW Institute of Innovation.
- **Runner-Up – Startup Resurrection: The Revival Challenge** — Collaborated in a team-based business challenge focused on analyzing problems, developing strategic solutions, and presenting recommendations.
- **Qualified AWS Hackathon** — Demonstrated collaborative problem-solving, adaptability, and execution in a competitive project environment at PW Institute of Innovation.
